

The convenient way to pay.

The benefits debit card lets you easily access all of your benefits.

Participants in tax-advantaged benefit accounts can pay for eligible products and services with their benefits debit card. Payments are automatically withdrawn from your benefit account, so there are no out-of-pocket costs and many purchases won't require receipt submission. One card can access all of your benefit accounts:

- ▶ Healthcare flexible spending account
- ▶ Health savings account
- ▶ Health reimbursement arrangement
- ▶ Dependent care FSA
- ▶ Transit account
- ▶ Parking account

Real-time access to your benefit account funds – real world convenience!

Your benefits debit card provides immediate access to your benefit funds to pay for qualified expenses without having to pay anything out-of-pocket. Most major pharmacy chains have a point-of-sale system in place that auto-substantiates eligible items at the register. Swipe your benefits debit card to subtract the eligible items from your total, then offer a second form of payment for any ineligible items that remain. Though the need for documentation is infrequent, you should save your receipts in the rare instance documentation is requested by your administrator.

Advantages of the Card

- ▶ No out-of-pocket expenses
- ▶ No waiting for reimbursement
- ▶ Convenient access to funds reduces end-of-year forfeitures
- ▶ Single card for multiple accounts
