

PROTECT YOUR FAMILY FROM IDENTITY THEFT

Is your identity at risk?

Today, identity thieves are becoming more sophisticated and daring than ever before. Identity theft is one of the fastest growing crimes in America. That's why Farmers GroupSelect has launched a new suite of identity protection services that can help you, even if you only suspect there may be a problem.

Stay ahead of identity theft

There are many ways your identity can be compromised, so we offer a wide range of identity protection services to our auto and home customers at **no additional cost**.¹

So much risk, so many solutions

You may not be able to see or hear when identity theft is happening, but it can be just as devastating to you as a fire or hurricane. This quiet crime can lead to financial issues such as:

- Unauthorized purchases and debt
- Damaged credit
- Tax problems
- Misused medical benefits

Our suite of services is designed to help you **protect your identity** before any of this can happen. But, if it does, we'll be there to help as well.

Farmers GroupSelect was the first insurer to offer identity theft resolution service to home customers at **no additional cost**. Our suite of identity protection services is now automatically provided at **no cost to our auto and home customers**.¹
