An example of how Vision Insurance can help.

I never miss my children's games and I chaperone all their dances. One night, as I drove them to the homecoming dance, I noticed they weren't wearing their glasses. I'm happy my vision insurance helps my children feel less self-conscious — and provides a deep discount for contact lenses. Recently, when I had my own eye exam, my doctor caught the early signs of diabetes. Thanks to our vision coverage, I can be there to see my children play every game.*

Your costs and savings could vary based on your plan design, where you live, and whether your plan requires a deductible or coinsurance. Please see your Plan Summary for details about your coverage.
